# GREATLY REDUCED PRICES

## On a Select List of Choice Iris For Immediate Delivery

HAVE several acres of choice Irises that must go, once, as I will not have the use of the ground. To accomplish this I am making the following very low prices on orders received at once, for immediate delivery. These prices are lower than quoted in any catalogue and will hold until this surplus stock is disposed of. I am sure you will want to take advantage of this unusual opportunity. Some are so inexpensive that they are justified in purchasing several of a variety to increase your present stock. Look over the list carefully, as you will find many unusual bargains. No doubt just the varieties you intended to buy, when prices justified, will be found quoted here, well within your price limit.

All plants will be correctly labelled. All, of course, are guaranteed true to name. All are fine, extra strong plants, guaranteed to be the finest obtainable anywhere. My stock was never better than it is this year and I challenge comparison with Iris grown anywhere else in the world.

For the convenience of those having my 1932 catalogue, the catalogue page is given to enable you to look up detailed descriptions if desired. Where no page is given, the variety is too new and the stock too limited to justify catalogue descriptions, but the catalogue price in that instance is taken from the General Index and Price List in the back of the book.

No adjustments will be made on purchases made prior to this sale, but of course you would not expect it, any more than you would expect to go back to a Department Store during a "sale" and get a refund on goods purchased prior to the "sale."

All Prices Are Strictly Net Cash. Prices are for one or a hundred of a variety and for all orders, regardless of size.

If you prefer to leave the selections to me rather than to decide upon the varieties yourself, just send your remittance and give me an idea as to what you want and I guarantee to please you.

My supply of 1932 catalogues will in all probability be exhausted before this price-list has been distributed. No new edition will be printed this year.

NEXT YEAR'S CATALOGUE will be sent free to those who order this year. Others may have a copy next year by remitting 25 cents now to cover the cost of same. The amount may be deducted from the first order for \$2.00 or over. No other notice or announcement in regard to next year's catalogue will be made, and no surplus copies will be printed.

### TALL BEARDED IRIS
